	1.1.5	Farmers' orientation on compost manure production and Microorganisms in Agriculture (EM) support	Effective
	1.2.1	Agriculture Subsector analysis – 4 districts.	
	1.2.2	Technological equipment and material support to enterprises. (milk chilling centre-2, milk cans, milk test equipment, micro irrigation, seeds, plastic tunnels, bee hives, seedlings/sapling)	existing and new
	1.2.3	Support target families on high value crops and promotion	commodity
	1.2.4	Small scale agri-infrastructure support (irrigation canal, locations of Kamaiya Camps, drip irrigation, conservation pond, sprinkle, water canes)	deep boring in 7
	1.2.5	Support Solar Pumps installation for water lifting in location.	Kamaiya Camps- 6
	1.3.1	Training and support on processing, branding, labelling local products	and packaging of
	1.3.2	Byers and seller interactions (producers, suppliers, institutions and government agencies)	buyers, financial
	1.3.3	Agriculture Festival Fair	
	1.3.4	Capacity Building and mobilization of agrovets and government curriculum.	paravet in line with
	1.3.5	Construction and renovation of collection centre and	market centres
	1.3.6	Financial Literacy Training	

- 1.3.7 Exposure visit for market exploration (for local market representatives from local government) actors, producers,
- 1.3.8 Capacity building of 10 cooperatives (leadership, product development and business plan.) with seed money support. management,
- 2.1.1 Capacity building and support local institutions including on disaster preparedness planning local government
- 2.1.2 Support local government to mock drill of DRR plan and preparedness plan including VCA process. roll out of disaster
- 2.1.3 Support municipalities to produce and display digital hazard, vulnerability and resources. information of
- 2.1.4 Support exposure visit for target beneficiaries and rural municipality officials.
- 2.1.5 Search and rescue/first aid kit support to Municipality level DMCs
- 2.2.1 Orientation to community on climate change impact, climate smart agriculture adaptation need and
- 2.2.2 Organize discourse with local governments on climate potential adaptation interventions- (incorporating in municipal plan.) trend, impact and
- 2.3.1 Renovation, new construction of water supply schemes- target districts, 15 schemes in three
- 2.3.2 Activation/formation of 20 WUGs/WUC and capacity renovation, governance and leadership. building on
- 2.3.3 Support 2 municipalities and 1 district authorities to strategy and post ODF follow up prepare WASH
- 2.3.4 Multi Use water System (MUS) construction support promotion of kitchen garden with using waste water from individual HHs taps. including
- 2.3.5 Hygiene and sanitation promotion (trainings, campaigns) orientations and
- 2.3.6 Contingency stockpiling at Tamakoshi RM, Dolakha for need. emergency WASH
- 3.1.1 Support local health institutions in collaboration with RM to conduct uterine prolapse screening campaign
- 3.1.2 Capacity building of rural municipalities (RMs), health and individuals in addressing uterine prolapse and child marriage facilities, schools,
- 3.1.3 Kits support to local health institutions for Uterine Treatments as per need reflected by RM. Prolapse
- 3.1.4 Sanitary pad making training and raising awareness on menstrual hygiene
- 3.1.5 Broadcast community radio programme on uterine prolapse and child marriage
- 3.1.6 Share lesson learn workshop municipalities to address issues and child marriage issues uterine prolapse
- 3.2.1 Equipment Support to PWDs with training
- 3.2.2 Disability inclusion survey in collaboration with RMs and Washington group questions. DPOs using
- 3.2.3 Training and advocacy on disability and gender inclusion
- 3.2.4 Support judicial committees to organise awareness campaigns on gender-based violence and establish referral mechanism to affected people.
- 3.2.5 Flexible seed money support for violence affected livelihood, education for children and counselling services. women for
- 3.2.6 Workshop with elected bodies on developing specific gender empowerment approach, Capacity Building and Action understanding of
- 3.2.7 Social/Public Audit

Output: Output 1.1 Target groups strengthened entrepreneurship, technical and vocational skills required for farm and off farm-based enterprises.

Output 1.2 Target groups received input supplies for farm and off farm-

based enterprises and adopt improved practices.  
 Output 1.3 Entrepreneurs and vocational training graduates are linked to potential market and financial institutions.  
 Output 2.1 Capacity of target municipality increased to respond future disasters  
 Output 2.2 Communities and local institutions have increased knowledge and skills on climate change adaptation and DRR.  
 Output 2.3 Improved functionality of water supply schemes and WASH governance  
 Output 3.1 Vulnerable women in Rasuwa district are aware on cause and remedial measures for uterine prolapse and local stakeholders have taken steps to address uterine prolapse and gender-based violence  
 Output 3.2 Strengthened knowledge of target groups, support system and constructive engagement with rural municipalities and stakeholders for PWDs and GBV affected populations.

Outcome:  
 Outcome 1: Livelihoods of vulnerable communities diversified and strengthened  
 Outcome 2: Capacity of target groups and local institutions strengthened to respond disasters through preparedness planning and Post- Open Defecation Free interventions.  
 Outcome 3: Vulnerable groups (women, Person with Disabilities, Caste affected groups, ex-bounded labor) are capacitated to access services and support from stakeholders(N/GO).

Impact: Enhanced resilience of most vulnerable groups living in disaster prone areas through livelihood strengthening, disaster preparedness and response and reduced vulnerability.

Treasury Type:

Humanitarian Aid: Yes
