with disabilities

13. Develop specific Community awareness campaigns to change the attitudes and beliefs of the community with support from DPOs and local partners

14. Orient Disabled People's Organizations (specifically the National Disabled Women association) on the related policies/strategies and support their organizational development

15. Support parents and teacher associations and school management committees to better understand and address inclusive education approaches and disability issues in school

16. Identification of livelihood opportunities of the beneficiaries and training them based on their skills and interest

Output:

Output 1: The capacity of the health service providers to promote appropriate health services for children and women with disability is strengthened

Output 2: Improved socio-economic situation of children and women with disability through increased access to social protection and other services by supporting government counterparts, CBOs and DPOs

Output 3: Municipal level government authorities strengthened their capacities in inclusive health and community disaster preparedness.

Output 4: Communities including vulnerable households strengthened to enhance their resilience towards disaster

Outcome:

Enhanced access of persons with disabilities to social protection services through an inclusive and holistic approach

Increased the resilience of the authorities, health service providers and communities including most vulnerable individuals through inclusive emergency preparedness and through creating an inclusive DRR policy framework

Impact:

Quality of life of children and women with impairment/disability improved with provision of social protection services

Treasury Type:

Humanitarian Aid: Yes
