Budget Head:

Status: On-Going

Status Reason:

Budget Type: Off Budget

Input:

- Design and roll out results-oriented capacity development trainings for MOF/IECCD, Line Ministries, sub-national governments and other stakeholders on aid effectiveness issues
- Capacity building of government agencies on innovative financing including blended finance, south-south and triangulation cooperation
- Standards of Local Consultative Group (LCG) and Sector Working Group (SWG) identified, and implemented
- Provide regular training on AMIS to all DPs, IECCD focal points and relevant line ministries
- Operationalize Aid Management Information System (AMIS) under MOF official website for the availability of high-quality, timely and reliable disaggregated data and analytical publications

Output:

- Output 1: MOF/IECCD, line ministries and sub-national governments have enhanced capacity on development effectiveness including the mobilization of innovative financing tools such as blended finance, South-South and Triangulation Cooperation, and vertical funds.
- Output 2: Capacity of IECCD/MoF, and line ministries is strengthened for evidence-based decision-making including the use of data generated through AMIS

Outcome:

1. Strengthened GON management and coordination capacity of ODA. (in particular, within MOF IECCD)
2. Strengthened and developed capacity of key development stakeholders in the management, coordination and implementation of ODA through robust institutionalized mechanisms and analytical capacity.
3. Improved capacity in the area of ODA transparency and M and E of ODA activities for GON MOF IECCD stakeholders.

Impact:

- Nepal will possess demonstrated capacity to further position itself in the global partnership for effective development cooperation;
- The fully functional Aid Management Information System (AMIS) will be

embraced by the GoN and DPs as a strong tool for data management towards evidence-based policy and decision making;

- Development effectiveness will assume a Whole-of-Government (WOG) approach, as may be applicable, through visible engagement of the line ministries, provincial governments, parliamentarians, the private sector and other external partners

- The GoN will have demonstrated capacity to identify new and effective modalities of development cooperation, and will mobilize incrementally blended ODA resources through engagement of public and private sector, and international development partners;

- A culture of Monitoring and Evaluation (M&E) coupled with knowledge management and research capacity will be developed and practiced in the IECCD/MOF. This means IECCD will pay greater attention to address practical needs of citizens to improve the way development research and knowledge are communicated and utilized for sound evidence based policy making.
