- § ToT to youth, women and child club leaders on disaster and climate risks and mobilise them for awareness raising/empowerment
- § Generate SBCC (CUBIC) materials on climate and environment and organize awareness sessions in selected schools

Output:

- § Increased adoption of improved livelihood opportunities
- § Lead firms and other SMEs strengthened to provide quality inputs, technical and marketing services
- § Farming and business literacy of the most deprived youths/families increased
- § Multiple needs of the most poor and vulnerable people including children and PLWs during disasters are addressed through crisis modifier
- § Out of school and likely to drop out children gained academic skills to succeed
- § Established an attendance tracking system at schools for students.
- § Improved learning environment at schools through teachers' capacity building and improvement in classroom environment
- § Capacity of the child protection structure, child club and their networks strengthened to address child protection issues
- § Capacity of PSWs in the areas of child protection, steps to protect and PFA enhanced and mobilized
- § Local government's capacity on planning and information management in relation to education, protection, poverty reduction, disaster and climate risks enhanced
- § Women, youths and child club members are engaged in empowerment sessions on disaster and climate risks

Outcome:

1. Vulnerable youth (aged 19-40 yrs) and families have sufficient incomes and resources at all times to support children's well-being
2. Increased access to safe quality basic education for the children from the most deprived and marginalized families

3. Improved access to quality child protection services
Improved systems and policy environments to enhance resilience to multiple shocks

Impact:

The project started from February 2021 and partially disturbed the implementation due to COVID-19 second wave caused we are still struggling to track the activities as per plan. The initial stage of project, the community is positive towards the project and interventions. The project is implementing in collaboration with municipalities and beneficiaries at Palika
