| Project Title: | PRAYAAS: Strengthening community and health care system for improved WASH and Perinatal Health |
| AMP ID: | 8723823620379 |
| IATI Identifier: | |
| Gender Marker: | Indirectly |
| Climate Change | Neutral |
| Budget Head: | |
| Status: | On-Going |
| Status Reason: | Project Document is |
| Budget Type | Off Budget |
| Input: | <p>1. Health activities:</p> <p>(i) Capacity building of FCHVs/HFOMCs and community awareness activities (FCHVs-6, community-73), (ii) Strengthen community support mechanisms and preparedness for perinatal health (resource mapping, fund support, community plans, birth preparedness plans) (iii) Equipment and technical capacity building (birthing centers), (iv) Strengthen planning capacities of HCF and referral mechanism for perinatal health including manual development, (v) Establishment of Comprehensive Center of Excellence (CCE) for MNH, (vi) Innovation and mHealth (Mobile communication system & Data analysis tool),</p> <p>2. WASH activities:</p> <p>(i) Installation/ Rehabilitation of water supply system (Child friendly), (ii) Installation/ Rehabilitation of Sanitation facilities (CGD friendly), (iii) Installation/ Rehabilitation of Hygiene facilities (child friendly hand washing stations) (iv) Capacity Building and Awareness raising activities in HCF, (v) Interactions, workshops and community empowerment (Municipality, District, Communities), (vi) Assessments (WASH in HCF assessment FACET), (vii) Water Quality Testing (twice a year) (viii) Assessments (RANAS in community), (xv) Capacity Building and Awareness raising activities, (x) Community empowerment and mobilization activities and Day celebration and special events, (xi) IEC/BCC activities/ Campaigns, etc., (xii) Water Filter Distribution (subsidized)</p> <p>3. Advocacy of WASH and MCH:</p> <p>(i) Advocacy for increased prioritization on WASH in HCF and perinatal health (municipality/ province/national level), (ii) Advocacy at the district, province and national level to integrate WASH FIT as a planning and monitoring tools at all levels of HCFs, (iii) Learning and findings sharing workshop at district, province and national level, (iv) Advocacy with municipalities and provincial authorities on the provision of free diagnostic tests within ANC package, birth registrations, mentoring and coaching, etc. (v) Study on impact of institutional WaSH in HCF and community (FACET)</p> |
| Output: | <p>1. Strengthened capacities of birthing centres enabling them to deliver quality perinatal health services</p> <p>2. Improved knowledge among pregnant and lactating women, their family</p> |

- members and community influential people on perinatal health care
- 3. Local communities are better organized to access and utilize perinatal health services
- 4. Strengthened capacities of HFOMC members, municipal, health facility staffs on WASH FIT
- 5. Strengthened capacities of health facility staff and HFOMC members on Water Quality testing (using ENPHO test kit)
- 6. Improve Water, sanitation, hygiene and waste management service levels as per WHO (or GoN) standards
- 7. Strengthened capacities of HFOMCs members and health facility staffs on planning for their health facility
- 8. Strengthened health service delivery and monitoring through mHealth technologies and establishment of CCE in strategic location
- 9. Community people are aware on water quality and practicing water treatment at household level (using one of the available methods of treatment)
- 10. Community people including parents and their children have increased knowledge on hand washing and practicing hand washing at least three critical times
- 11. Increased budget allocation for improved perinatal health care provisions and WASH services
- 12. Increased access to protection /health rights of children

Outcome:

- 1. Strengthened 30 local health system to improve the water, sanitation and hygiene services and ensure water quality meet national drinking water quality standard
- 2. Improved practice and behaviour change in community on Water, Sanitation and Hygiene
- 3. Strengthened rural birthing centres to deliver quality basic essential Maternal and New-born Health services
- 4. Improved community awareness, preparedness and utilization of maternal and new-born health, particularly perinatal health
- 5. Increased prioritization and commitment by the local government authorities towards improved perinatal health and WASH services in HCF

Impact: Contribute to improve maternal and new-born health survival and WASH in households and health care facilities

Treasury Type:

Humanitarian Aid: No
